

The Government have announced that VAT will be imposed on school fees from January 2025 at a rate of 20%. We expect to receive further details on how the tax will be implemented following the Autumn Budget on Thursday 30 October.

To help mitigate the impact of VAT, the Governors have decided to reduce the headline fees for the next two terms (Spring and Summer 2025) VAT at 20% will then be added to these reduced fees on the school bills. Should the rate at which VAT is levied, the timing of its implementation, or any other material details deviate from our current assumptions, we will update this page of any consequent changes to our planned fee adjustments. Please see below fees for the Autumn term and indicative fees for the Spring and Summer terms.
