

LEWESTON
SHERBORNE

EQUESTRIAN HANDBOOK 2024

A young girl with blonde hair, wearing a blue riding helmet and a bright blue jacket with "LEWESTON EQUESTRIAN" printed on the back, is sitting on a brown horse. She is looking back over her right shoulder towards the camera. The background shows green foliage and a paved path.

WELCOME TO THE LEWESTON CHEDINGTON RIDING ACADEMY

It is with great pleasure that I write these few words as they are the realisation of an idea that I and a friend had back in the period of COVID in January 2021. The school has such a fantastic tradition of equestrian success and it seemed entirely reasonable that with such a record there ought to be somewhere onsite for the development of our riders and the introduction of future generations to this superb sport. Leweston exists to educate and to inform young people about the world around them and it is without a doubt that this should extend to outside the close confines of the classroom. It is hoped that many pupils and staff will enjoy being around animals and learn that we are put on this earth as stewards and not just consumers. It has been a great privilege to be involved in the project and my thanks go to all those whose hard work has made it a reality. A special thanks must be reserved for Dr and Mrs Guy, without whose support, advice and financial commitment this riding academy would have been impossible.

Mr John Paget-Tomlinson
Leweston School Headmaster

Our policy at L.C.R.A is to provide the best care and attention to all our horses, valuing their welfare, health and happiness. We expect our staff to be knowledgeable, friendly and conscientious and our students to be polite, kind and respectful.

All of our Agreements can be found on our website.

Livery and Loaning

If you are in Year 5 or upwards you may bring your own horse to Leweston.

Once we have received a completed livery application form and deposit we will reserve you a stable. Mrs Roberts will be in touch with your parents to make arrangements for your horse's arrival. If you no longer wish to bring your horse to Leweston, we require a full term's notice to cancel the stable.

Horses Arriving at the Centre

At the beginning of each term the Riding Academy opens between 10.00 and 16.00 on the day before the start of term for horses to return. Mrs Roberts will contact your parents before the beginning of each term to confirm the date and opening times.

The welfare of all horses at Leweston is important to us. Please do not bring your horse if any of the following apply:

- Your horse shows any signs of ill health including lameness, fever, nasal discharge.
- Your horse has had a temperature in the last two weeks.
- There is any chance your horse could have come into contact with an infectious disease.

Procedure for horse arrivals: All horses will undergo a health check upon arrival at the Riding Academy Centre by a member of staff who will check the following:

- Your horse's passport – this must remain with Leweston whilst your horse is at livery with us. This is a legal requirement. A copy of your equine insurance details must be provided.
- Vaccination record - this must be up to date (Equine Influenza and Tetanus and for international horses EHV). Please note that the primary (first 2 vaccinations) must have been completed 7 days PRIOR to arrival, also your horse should not require to be vaccinated within 7 days of arriving. Currently, horses must have received an Equine Influenza booster within 6 months upon arrival. Failure to meet this requirement will mean your horse will be turned away.
- The health and soundness of your horse, this will involve a walk and trot up (horses with any signs of ill-health including raised temperature will not be admitted onto the yard).
- The date of when the horse was last shod/due to be shod.
- Feeding requirements.
- Tack must be safe and well-fitting, this will be checked before the horse is ridden.
- Confirmation that Livery documents are fully completed.

Horses are not allowed to enter the yard until the required checks have been completed. If you are bringing your horse from another country we do have a quarantine policy that will need to be discussed prior to arrival.

Worming: All horses must follow the Riding Academy's worming programme if they are to be grazing on the paddocks here. A copy of the annual worming programme will be sent to your parents before the start of the school year. All horses, upon arrival at the start of the school year, will be wormed in accordance with the current worming programme.

Loaning

If you have applied to loan a horse you will have an assessment with Mrs Roberts during the first week of term, following which you will be allocated a horse, if there is a suitable horse available.

Once you have been allocated a loan horse, you will be responsible for the care of this horse or pony during term time. You must help muck out, etc in the mornings and evenings and will be able to ride daily (max. 6 times a week). You must follow the Academy rules for riding your loan horse when riding and exercising it.

Saddlery, shoeing, vaccinations, vet's fees and worming costs will be covered by the school. Riding lessons will be charged to school accounts.

If, for any reason, you are not able to come down to the yard to look after your horse you must email or text Mrs Roberts or the Yard Manager in advance.

If you and your horse are of a suitable standard, you will be able to take your horse to competitions. Transport and entry fees are charged to school accounts. We have a very limited number of loan horses available for competing, and would recommend that riders who are competitively ambitious bring their own horse.

Horsebox and Trailer Storage

Car park space is limited which means it is available on a first come first serve basis, storage of your vehicle may be available and a termly fee will be charged. You will also be required to complete a disclaimer.

Safeguarding

Please ensure your parents give adequate notice of horses and pupils leaving and returning from school, preferably by email. In order to ensure the welfare of pupils, access to the yard by anyone other than staff members, pupils, parents, and school approved farriers, vets, practitioners and instructors is restricted. Please see the separate guidelines on parents and family visiting.

Horse and Rider Clothing and Equipment

Please ensure all rider clothing and equipment is clearly labelled. Tack must be suitable, safe, clean and fit correctly. Tack will be inspected at the start of each term and if ill-fitting or in need of repair then owners will be asked to do this as soon as possible.

There is limited space for horse equipment. Please only bring what is necessary for the term. Rugs and head collars are the only items to be stored outside stables. All other equipment must be stored in the tack room cupboards. There are racks and pegs for tack. All equipment must be clearly named.

You must wear the correct uniform when you are on the yard (please see separate section for details). Please make sure you have enough spare uniform to allow for laundry.

Saddle Club

All users of the Riding Academy including the NSEA squad, pony care groups and general riding lessons will be members of the LCRA Saddle Club which is charged at £15 per year. The money raised from the Saddle Club membership will be used to support events, buy additional equipment and improve facilities.

Absence – Loaners and Liveries

If for any reason you are not able to come down to the yard please let Mrs Roberts, or Yard Staff, know in advance. If Leweston cares for the horse, your parents will be charged for this, so please make sure your parents are happy to pay before asking the yard.

Turnout

We believe in the importance of turning horses out and allowing them time to 'be a horse'. However, this can be subject to change and restrictions due to weather, ground conditions, pasture/field management preparation. Pupils will be informed of turnout timetables.

Half chaps may be worn with jodhpur boots; they protect the lower leg, prevent from rubbing and also help to keep the rider's leg in the correct position whilst riding. Half chaps must be black or brown only, tassels are not allowed. Long rubber boots are not ideal for a younger rider as they make it difficult for the rider to put the leg in the correct position and therefore apply the correct aids. They may also be uncomfortable.

- Jewellery is not allowed.

Paddock Pantry are our preferred suppliers of safety equipment.
